Applied Paper

What movie did you decide to go with? Yes, you answered this in the movie selection assignment, but you need to add it here as well.

I decided to go with Encanto.

Why did you choose this movie?

I chose this movie because of mirabels inferiority complex and her loneliness.

What concepts/topics from the textbook does this movie refer to? Be specific, including what chapter(s) that the concepts come from.

This refers to chapter 11 pages 389, and 390 Alfred Alder discussed the “inferiority complex. An inferiority complex refers to a person’s feelings that they lack worth and don’t measure up to the standards of others or society.” In the movie, Mirabel often talks about being inferior to her magical family in the song “Waiting on a Miracle” and towards the end of “The Family Madrigal” Horney’s theory on unconscious anxiety in chapter 11 page 394 also talks about “She suggested that normal growth can be blocked by basic anxiety stemming from needs not being met, such as childhood experiences of loneliness and/or isolation” this is shown in the movie when mirabels often told to “get out of the way” and is often sewing in the nursery from her outfit showing her anxiety stemming from isolation and inferiority.

What article did you decide to use to support your paper? Include the APA reference and a link to the article. Remember that your article MUST be from a peer-reviewed journal.

I decided to use “Inferiority” complex? Policing, private precautions and crime by Guha, Brishti”

Guha, B. (2015). “Inferiority” complex? Policing, private precautions and crime. *European Journal of Law and Economics*, 39(1), 97–106. <https://doi.org/10.1007/s10657-013-9408-x>
